

PURPOSE OF THE REPORT, DATED APRIL 30, 2024

Based on MiFID II legislation, European investment firms will be required to publish information on how they executed client orders.

In line with this requirement, Quintet Private Bank (Europe) S.A. provides the attached information to enable the public and investors to evaluate the quality of Quintet Private Bank (Europe) S.A. execution practices, and to identify the top five execution venues in terms of trading volumes where Quintet Private Bank (Europe) S.A. executed client orders during the year 2023.

Several affiliates within the Quintet Group became branches at the end of 2020. This report therefore also takes into account the clients orders of these branches. For some orders, Quintet Private Bank Luxembourg acts as a hub for these branches.

In order to make meaningful comparisons and analyse the choice of top five execution venues, the information is published per class of financial instruments. In order to be able to fully evaluate the order flow of client orders to execution venues, it has also been identified where Quintet Private Bank (Europe) S.A. itself was one of the top five execution venues / brokers.

A summary of the analysis into our execution procedures for each following class of financial instruments:

- a. Equities - Shares & Depositary Receipts
- b. Debt instruments
- c. Interest rates derivatives
- d. Credit derivatives
- e. Currency derivatives
- f. Structured finance instruments
- g. Equity derivatives
- h. Securitized derivatives
- i. Commodities derivatives and emission allowances derivatives
- j. Contracts for difference
- k. Exchange traded products
- l. Emissions allowances
- m. Other instruments.

1. Execution factors

Quintet Private Bank (Europe) S.A. trades as Matched principal and has access through the brokers to different smart order routers that are able to check multiple venues when trying to execute an equity order, taking into consideration the selected market.

Quintet Private Bank (Europe) S.A. holds a membership with the Luxembourg Stock Exchange and Euronext. Nevertheless, depending on the Quintet Private Bank (Europe)'s entity, client orders are either executed directly on these stock exchanges or transmitted to Financial Intermediaries for execution.

For all markets, orders on Equities have been transmitted for execution on Regulated Markets, Multilateral Trading Facilities or with Systematic Internalisers.

In 2023, in respect of best execution criterias, our clients' orders were executed on a fairly and satisfactory basis through our selection of brokers.

Quintet Private Bank (Europe) S.A. executes on the most liquid market according to the following execution factors :

- Total consideration (Execution price and costs),
- Likelihood of execution and settlement,
- Speed of execution,
- Size of transactions and market impact
- Any others criterias that could positively influence the execution for the Client.

Quintet's executions are globally and systematically checked by the first Line of Defence (1st LoD) and the second Line of Defense (2nd LoD), in terms of price correctness and time tolerance through dedicated tool, BTCA, and Quintet's Timely Execution Controls.

BTCA performs a price check for a traded instrument by comparing the most liquid venue for the traded instrument with different benchmarks venues. The execution price is compared to the price on the most liquid benchmark at the execution time.

Quintet's Timely Execution Controls verified and justified all the belated execution prices in order to ensure that a delay has not been detrimental to the client.

Our controls demonstrated the execution quality provided by our selected brokers in terms of price and time fairness.

In 2023, Caceis broker is the main broker/custodian for Equities.

1. Execution factors

Quintet Private Bank (Europe) S.A. trades as matched principal and has access through the brokers to different smart order routers that are able to check multiple venues when trying to execute an securitized Derivatives order, taking into consideration the selected market.

Quintet Private Bank (Europe) S.A. holds a membership with Euronext and Eurex. Nevertheless, depending on the Quintet Private Bank (Europe)'s entity, client orders are either executed directly on these stock exchanges or transmitted to Financial Intermediaries for execution which ensured a local settlement and reduced the risk of unsettled trades.

In 2023, in respect of best execution criteria, our clients' orders were executed on a fairly and satisfactory basis through our selection of brokers.

Quintet Private Bank (Europe) S.A. mainly executes on the primary market place, assuming that this place is the most liquid market and using the following execution factors :

- Total consideration (Execution price and costs),
- Likelihood of execution and settlement,
- Speed of execution,
- Size of transactions and market impact
- Any others criterias that could positively influence the execution for the Client.

Quintet's executions are globally and systematically checked by the first Line of Defence (1st LoD) and the second Line of Defense (2nd LoD), in terms of price correctness and time tolerance through dedicated tools, BTCA, and Quintet's Timely Execution Controls.

BTCA performs a price check for a traded instrument by comparing the most liquid venue for the traded instrument with different benchmarks venues. The execution price is compared to the price on the most liquid benchmark at the execution time. Quintet's Timely Execution Controls verified and justified all the belated execution prices in order to ensure that a delay has not been detrimental to the client.

Our controls demonstrated the execution quality provided by our selected brokers in terms of price and time fairness.
